RE: Superior Aviation Company (SACjet) - Continuing the Legacy

For 75 years, Patterson Aviation Company (PATCO) has served the counties of Sacramento, Yolo, El Dorado, Placer, and Sutter. In that time, PATCO has partnered with the Sacramento International Jet Center, Inc. and the Mather Jet Center, Inc. to grow into the largest California-based chain of FBOs providing fuel, flight support and infrastructure to private jet and piston traffic throughout the region. SACjet's customer base includes UPS, FedEx, DHL, Delta Airlines, Sacramento Kings/NBA, NetJets, Intel Corporation, FAA, Department of Defense, Department of Homeland Security and hundreds of other international and domestic flight departments.

Effective April 15th, 2018, we are excited to announce that PATCO, Sacramento International Jet Center, Inc. and Mather Jet Center, Inc. will now be known jointly as **Superior Aviation Company (SACjet)**. We are looking forward to focusing on expanding our public/private investments in additional California locations while remaining true to our long-standing customer service commitment: SAFE, EFFICIENT, ACCURATE, DISCREET.

Phone numbers, website, email, and mailing addresses will all remain the same and each FBO will be listed as "A SUPERIOR AVIATION COMPANY".
